I am a goal-oriented, focused software engineer with 8+ years of programming experience, dedicated to collaboration, with good personal and social skills. I am driven to advance security and justice in the Blockchain industry.

EDUCATION

Queen Mary University of London – BEng Robotics Engineering; 2020 – 2024

- Graduated **First Class with Honours**.
- Final Year Dissertation: *Design and Development of a Myoelectric Prosthetic Hand with Tactile Sensing and Haptic Feedback* (85/100).
- Notable Modules: Object-Oriented Programming (96%), Systems Analysis (83.6%), Neural Networks (82.3%).

Richard Huish College; 2017 – 2019

- A Levels: Mathematics, Physics, Computer Science; ABB.

EXPERIENCE

Founder & Security Researcher – 0xThirdEye; Dec 2022 – Sep 2023

- Led a team delivering smart contract security audits, reports and solutions to enhance clients' Web3 project security.
- Registered warden on Code4rena, participating in public security audits and competitions.

Lead Blockchain Engineer, Freelance; Aug 2022 – Sep 2023

- Headed a recovery operation for a blockchain fund, migrating multi-million-dollar assets to mitigate a major security breach (*details confidential*).
- Designed, audited, and implemented smart contract architectures for NFT Marketplaces, including Spectrum & Origin.
- Developed NFT collections such as Whitelight, with custom metadata and Merkle tree encryption for whitelist sales.
- Advised Immerzo on blockchain architecture for metaverse projects and HandbagClinic on an NFT verification system for designer products.
- Acted as a liaison to bridge gaps, resolve miscommunications, and align technical solutions with strategic goals.

Software Engineer Intern, aCommerce Bangkok; Feb 2020 – Mar 2020

- Automated e-commerce data processing using Python, Django, and SQL, resulting in an offer of employment.

PROJECTS

EVM DeFi Protocol: Developed a postmortem asset management protocol using Solidity and Chainlink Keepers.

Latin NFT Collection: Built and launched ERC721 NFT minting platform in a 24-hour development challenge.

SKILLS

Programming: Python, Solidity, JavaScript (React, Next.js), SQL, C, Java, Git, CNN's.

Blockchain Tools: Hardhat, Foundry, Slither, Ether.js, IPFS, Truffle.

Soft Skills: Communication, Critical Thinking, Team Leadership, Problem Solving.

ACHIEVEMENTS & INTERESTS

Awards: SEMS Prize for Best BEng Project (Final Year Dissertation),

Black Belt Karate (2015), Participant in Tom Daley Diving Academy.

Languages: English (native), French (basic), Spanish (basic).

Volunteering: St Stephens Society, Hong Kong, Nov 2019 – Feb 2020, Poverty alleviation and addiction rehabilitation.

Agape Alive, Hyderabad, India, Nov 2019, English/Mathematics teaching & public speaking.

Interests: Guitar and Music Theory (since 2018), Competitive Parkour (since age 11).

Societies:

- Social Secretary, Queen Mary Snowsports Society; Sept 2023 – Sep 2024
 - Organised and managed a Ski trip for 120 students, including social activities and trip logistics.
 - Planned and led weekly social events, boosting society engagement and membership.
- President, Queen Mary Poker Society; Sept 2020 – Sep 2022
 - Founded the club, arranging weekly tournaments and events. Grew membership to 150 participants.
